Saint-Louis School Project

After only 8 months to build, and in spite of a cement shortage, the first phase of construction will be completed in time to open this school year. We have seen the Lord do marvelous things all along the way, which have brought the school to a timely completion. He has also prepared the way before us concerning public reaction to our presence. At one all-night Muslim festival, a participant took the microphone and told everyone not to trust us and not to enroll their children in our school. As he continued, he was shouted down by the crowd. Since then, public support has been overwhelmingly positive. I have even heard Muslims praying for the school to have a strong start.

Your support helps us to remain on the mission field and continue this ministry. Thank you for your continued prayers and financial support.

Radio Leer Gi

Opportunities to Witness.....

Our nightly radio spots air right after the evening news. Every person I have mentioned "Leer Gi" to has said that they have heard the broadcast. Some Muslims have even thanked us for producing the radio spots. This is what happened just the other day, at a local car insurance office. I went in to introduce myself to somebody who wanted to know more about the Bible. When I mentioned our radio show, he said he knew the show and began asking questions. One of our church members had a similar encounter where someone had heard the program and starting asking questions about his faith.

The Lord is opening doors through this radio ministry by planting questions in non-believers hearts that need to be answered. Please pray with us for the Lord's leading and wisdom.
